Description/Profile

Engineering Update is an engaging, editorially led publication & Directory giving the reader news and updates on new products and services to our ever changing industry

Every issue of the magazine contains the latest news, in-depth features, together with the latest products and innovations, case studies showing how Engineers are implementing new technologies to reduce costs and the impact on the environment.

With over 70% of the magazine being Editorial, the magazine is an influential, unbiased and respected read throughout the UK, Europe and America.

Engineering Update is distributed digitally on a monthly basis to 70,000 Engineers, Engineering Managers and Specifiers around the world
