Description/Profile

Information Age is a monthly B2B publication that focuses exclusively on the strategies and technologies involved in maximising business performance through effective IT management. People read this publication to help themselves become more confident and successful in their use of technology, in their choice of suppliers, products and services, and in their management of people and partners.

Information Age is one of the UK's leading monthly technology and business magazines for senior corporate executives across the UK. These readers all have a need and responsibility for Information Technology on behalf of their respective company.

This list is highly suitable for all B2B IT related offers and much more.
