

DFA Media Exhibitions

12,700 Worldwide Attendee's

Description/Profile

Founded in 2004 DFA Media Ltd is a business-to-business publisher and event organiser producing high quality magazines, websites, directories, exhibitions and conferences, serving the UK and European manufacturing sectors.

DFA Media organises five co-located engineering events that support the manufacturing sector. Attracting over 12,700 key decision makers to the unique events, selectable by postal and or email address

The five events are -

Drives & Controls - An event that brings together key suppliers of state-of-the-art equipment representing the multi-tasking culture of today's design engineer.

Fluid Power & Systems - Supported by the British Fluid Power Association is the only exhibition in the UK totally focused on hydraulics and pneumatics, and as such should be on the must-exhibit list for fluid power system manufacturers and distributors.

Air-Tech - is the second most widely used source of motive energy in the world, preceded only by electricity

Plant & Asset - will be a unique opportunity for today's engineering professionals to learn about new strategies, constantly evolving technologies and the latest products and services that fit their business needs to allow them to maintain optimum performance levels during competitive times.

European Offshore & Energy - The inaugural European Offshore & Energy exhibition for 2014 brings the offshore energy market together under one roof; providing visitors with the ideal opportunity to learn about the industry's latest product innovations, solutions and services.
